Mini-Tuner and Home Dock Kit

Hear XM Programming live, on the go! XM Mini-Tuner and Home Dock Package for XM Radio Receivers*

The new XM Mini-Tuner is a portable tuner for use with the expanding line of next-generation XM Ready audio devices, which can be identified by the XM logo and their Mini-Tuner connection

Now you can take XM Radio from home to car (products soon to be announced) or anywhere else on one subscription! An XM subscriber can easily move the Mini-Tuner from one product to the other among XM ready systems.

The XM Mini-Tuner is simply inserted into a docking station connected to the XM ready product, enabling that product to receive XM Satellite Radio service. Now you can enjoy your favorite programming, uninterrupted, wherever you are, coast to coast!

Includes:

XM Mini-Tuner **#CNP2000**

XM Mini-Tuner Home Dock **#CNP2000H**

#AUCNP2000K **$54.95**

**** Both Mini-Tuner & Dock must be used together for XM reception. Activation and Subscription required for XM Radio Service***
